Regarding: **Academic, Organizational and Personal Qualities of Mr. Renato Koštomaj, and Recommendation for a Chinese government Scholarship**

I am privileged to write in support of my dear friend and student, Renato Koštomaj. Mr. Koštomaj was an Honours student in my Accounting class in winter of 2005/2006, in Human Resources as Assets of an Organisation class in spring of 2008, both on Undergraduate Degree Program and in Financial operations class in spring of 2013 on Master Degree Program. During this time I witnessed his tremendous growth and development. This development came not only in the area of business achievement and leadership, but in maturity and character as well.

I found Mr. Koštomaj to possess outstanding academic and personal qualifications. He has an inquisitive mind and is eager to learn. He always come to class well prepared and participated in class discussions. His communication, organization and conceptualization skills are excellent.

On a personal level, it is my opinion that Mr. Koštomaj is extremely well organized as he balances student work, all his activities and academic achievement. He has strong sense of social responsibility and friendly demeanour. I found him to be trustworthy, caring and responsible. I would recommend Mr. Koštomaj without reservation.

Respectfully,

Ass. prof. dr. Franko Milost
