PROFILE

Senior financial adviser and inspector specialist working at the intersection of data analytics, European VAT procedures, digital forensics and operational leadership. I translate complex requirements into clear steps, connect stakeholders and maintain calm execution in environments with high expectations and responsibility.

CURRENT ROLE

2020 — PRESENT

MARIBOR / SLOVENIA

Senior Financial Adviser — Inspector Specialist

General Financial Office • Financial Administration of the Republic of Slovenia

- Helping obtain difficult-to-access data from abroad, then connecting and analysing it to select taxpayers for audit and identify tax risks and cases of undeclared work.
- Analysing data, including information from online platforms, that contributed to identifying numerous irregularities; providing digital forensic support in complex proceedings and inspections into undeclared employment.
- Serving as the Eurofisc liaison official for e-commerce designated by Slovenia and cooperating directly with EU Member States; also working with the United Kingdom in other cross-border procedures.
- Member of a one-year Fiscalis working group developing proposals to improve procedures and legislation for a more effective response to import-related fraud.
- Former member of Slovenia's CESOP implementation group; working with European OSS procedures and preparing complex analyses for national and European stakeholders.

SCOPE

15+

years of operational experience

EU + UK

cross-border professional cooperation

3–10

team members per shift

10+

stores across Slovenia
